HENLEY
STOVES

At Henley Stoves, we like to push the boundaries of creativity when it comes to the design of our products. We always endeavour to cater to all customer tastes & styles and with that in mind our Exclusive 2020 Collection was born. An array of avant-garde models which are mostly available with the option of wood burning and biofuel. Many of these models are ceiling suspended which creates an immediate focal point in any space. 'Every home deserves a Henley' so why not choose one of our cutting-edge designer models for your special space.
